

MULTISCAN **P2**

World Best Aftermarket Diagnostic Scanner

Ergonomic Shape Design
User-Friendly Key Pounding
Built-in CAN Bus System

World Widest Coverage
and OEM Level Functions

PC & Gas Analyzer Interface

Large Memory Card
(512MB PCMCIA)

Diagnostic Coverage

- Asian Cars

Toyota/Lexus, Honda/Acura, Mitsubishi, Nissan/Infiniti, Mazda, Subaru, Suzuki, Isuzu, Daihatsu, Hyundai, Kia, GM-Daewoo, Ssangyong, Renault-Samsung

- European Cars

Mercedes Benz, BMW, Volkswagen, Audi, SEAT, Skoda, Ford, Opel/Vauxhall, Renault, Peugeot, Citroen, Saab, Fiat/Alfa Romeo, Lancia, Volvo, Jaguar, Land Rover

- American Cars

GM, Ford, Chrysler

- Australian Cars

Holden, Ford

- Latin American Cars

GM-OPEL, CORSA/MONZA, BRONTO

- Malaysian Cars

Proton, Perodua

- Indian Cars

Maruti Suzuki, Tata, Mahindra

- Generic CAN and all Enhanced CAN

- Generic OBD2 and European OBD compliant

Special Functions

MULTISCAN P2 features multi range control system coverage. ABS, SRS, ETS, Climate control, ECM, PCM, Immobilizer, Instrument Cluster and much much more.

Supports extended functions such as activation, reset basic settings, adaptation, repair guide, etc.

Convenience & Cost Saving

512MB memory card includes all software applications and allows useful vehicle information as well as future vehicle S/W expansibility.

- Quick and frequent S/W update, no extra cost for adding an application
- First two years Free update
- Software update through internet

Flexibility

MULTISCAN P2 provides realtime PC interface and Windows based click-and-go software update through USB.

MULTISCAN P2 designed to support CAN communication, the future communication protocol, is here now and users can take comfort from MULTISCAN P2's longevity.

MULTISCAN P2 was designed to interface with gas analyzer for real time driving events. Monitor of all important systems serial data and gas analysis on the same screen.

CAN BUS System

USB Interface

Features and Functions

1. Ergonomic high tech design, super tough over mold construction technology and user-friendly compact size
2. 512MB memory card for Worldwide vehicle coverage
: Japanese, Korean, European, American and multi-area vehicles. Wherever you live, MULTISCAN P2 has it covered.
3. Extra large backlit super clear colored LCD display.
4. All Generic CAN and Enhanced CAN protocol communicate perfectly
5. Easy software updates through internet.
6. Data stream graphical display functions for easy viewing.
7. "Blackbox" record functions, save and replay events as they happen.
8. Actuator tests, prove the inputs and outputs and check continuity of circuits.
9. Connector location guide, wiring diagrams, scan tool and fault code help menu's.
10. Realtime PC interface through USB
11. Gas Analyzer interface

Specifications

Internal Memory: 1 Mbyte SRAM

Memory Card: 512Mbyte NAND Flash memory

Dimension: L 311mm X W 174mm X T 49mm

Weight: 1120g (Base unit only)

LCD: 320 X 240 Graphic LCD with LED backlight

Input Device: Membrane keypad

Quality System: ISO 9001: 2008 certified

EMC Compliance: CE / C-tick / FCC approved

Sustaining Power for 10 seconds
